*"Our mission is to continue our daughter's legacy of love and compassion for helping children through her nursing care, particularly children born with birth defects of the heart as Heather was. We would like to help families with expenses not covered by insurance, something we experienced first-hand."*

*Bunk & Melanie Walker*

"Heather's Light Foundation is a component fund of The Dayton Foundation, celebrating its 100th Anniversary in 2021. We are honored to be a part of such a prestigious organization and look forward to a long and beneficial relationship for years to come."

"The Dayton Foundation is a tremendous resource for our Foundation's growth and gives us access to its 100 years of experience in charitable giving solutions, helping us to make a difference in the lives of families affected by congenital heart disease."

**Heather Walker CRNA**  
February 14, 1982 — July 21, 2020

## Heather's Story

Heather Renee Walker born on February 14th, 1982 unexpectedly passed on July 21st, 2020. Heather was born with a congenital heart defect, although you would have never know it thanks to her vivacious personality, zest for life and unwavering energy. She was kind, caring, loyal, endearing, funny, compassionate and valued the pleasure found in a cheeseburger and a Dr. Pepper. She provided care as a registered nurse to critically ill patients in the Cardiothoracic Intensive Care Unit at Nationwide Children's Hospital for several years. She taught the importance of doing a "good deed of the day," whether that be for a patient, their family, a coworker, or a stranger. Heather accomplished her ultimate goal of becoming a CRNA in 2018. Her light continued to shine brightly throughout her anesthesia training and work as a CRNA, brightening the days of everyone around her with her infectious smile.

*"She was the kind of nurse that made you glad coming on shift that she had taken the sickest kid. I'm not sure what can be said - the void left when someone like Heather is taken pulls our breath away."*

**Dr. Richard Fernandez**  
Nationwide Children's Hospital

*"She will stay forever with me as a positive example of what you can do with your life, despite CHD (Congenital Heart Disease) and a reminder to treasure all the time we have with others who bring us joy."*

**Dr. May Ling Mah**  
Nationwide Children's Hospital
